It Stands Alone.

Doctor Pierce's Favorite Prescription stands alone, as the one and only remedy for leucorrhea, female weakness, prostration, or falling of the womb, so absolutely specific and sure in curing these common ailments of women, as to warrant its makers in offering to pay, as they hereby do, the sum of \$500 reward for a case of the above malady which they can not cure. This is a remarkable offer. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee. No other medicine for woman's ills is possessed of the unparalleled curative properties that would warrant its makers in publishing such an offer; no other remedy has such a record of a third of a century of cures on which to base such a remarkable offer.

Miss Emma Weller, who is Secretary of the Young People's Christian Association, at 111 Madison Avenue, New York City, says: "Your Favorite Prescription is a boon to sick and tired women. I have taken it for several months. I have had constant headaches, seemed too weak to perform my daily duties, and when the day was over I was too tired to sleep well. I suffered from nervousness and indigestion, and everything I ate distressed me. I suffered with different physicians but received no relief. After reading one of your issues I decided to give your Favorite Prescription a trial. Am very glad I did, for I found it was just what I needed. It commenced to improve me at once and kept getting better until, after seven weeks, I am entirely cured. I have remained in perfect health ever since, and remain a firm friend of your Favorite Prescription."

The dealer who offers a substitute for a Favorite Prescription is only seeking to make the little more profit afforded by a less meritorious medicine. His profit is your loss. Therefore, turn your back on him as unworthy of your patronage.

If constipated see Dr. Pierce's Pleasant Pellets. They cure constipation, biliousness and sick headache. They do not produce the "pill habit."

WHAT THEY SAY

About the Nominees of the Louisville Convention.

JUDGE PRATT IN LINE.

Belknap Expresses Thanks—Bradley for the Ticket.

Justice Burnham and Barnett Pleased—Strong Ticket of Representative Republicans.

It is not only my duty but my pleasure to support all the nominees of this convention. I never had any desire to become a candidate. When I made the announcement it was in response to the solicitations made by my friends in various parts of the State. Very soon after I became a candidate I could see that I was to be confronted by men of prominence in the councils of the party, and that I would have to make a single-handed fight for the nomination. I have conducted an honorable, dignified campaign, treated my opponents with absolute fairness. I recognize each of these gentlemen as capable leaders and worthy of the highest confidence.

The Hon. Augustus E. Wilson is an old-line Republican, and one of the ablest platform speakers in Kentucky. Col. Belknap is an excellent business man, with some experience in public affairs, and I am satisfied that he would make a good Governor. While I am deeply grateful to all my friends in the preliminary campaign, at the same time I have no feeling of unkindness toward those who opposed me.

CLIFTON J. PRATT.

I desire to thank my friends throughout the State for the great honor that they have shown me. They started me in the race unlettered by promises, unhelped by a load of obligations. The best for the State and party has been the slogan. We have a splendid opportunity to win the election. I shall go into the campaign body and soul.

MORRIS B. BELKNAP.

As for my defeat in the convention, I was in no sense of the word a candidate, and my nomination was made over my protest. I did not want to be a candidate, and declared time and again, the last time on the floor of the convention, that I did not want the nomination. I was sincere in making this statement. I shall cast my ballot for Col. Belknap, and every loyal Republican should do the same.

W. O. BRIDLEY.

The ticket is very strong, popular and representative of the best citizenship of the State. A. R. FURNHAM.

The choice of the convention was a wise one, and Col. Belknap will make a strong candidate. A business administration is needed. The deliberations of the convention were harmonious, and good feeling prevailed. The candidates who did not win will support the ticket.

C. M. BARNETT.

Valuable Time Saved. Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poisoning. State Sunday School Convention. The Thirty-eighth Annual Convention of the Kentucky Sunday School Association meets at Lexington, August 18, 19 and 20. An exceedingly strong and attractive program has been arranged. Prof. E. O. Excell, of Chicago, the great composer, whose songs are sung and loved all over the world, and who is today the most renowned leader of sacred music in the world, will lead the music. It will be worth the trip to hear and know him. Mr. W. C. Parke, of Chicago, one of the best-known and best-loved Sunday School workers of America will be on the program at each session. He came to represent the International Work, having recently been chosen an officer of that Association. He is an attractive speaker, a lovable man, and a consecrated Christian. Mrs. Mary Potter Bryner, another International worker of world-wide fame will be with us. It is her first visit to Kentucky and a treat is in store for our workers. Besides these, the very finest speakers of the State will be on the program. Each school is entitled to one dele-

PLATFORM ON WHICH COL. BELKNAP STANDS.

Denounces Dominant Democrat Machine Rule, and Appeals to Good Citizenship to Re-establish of Kentucky.

The platform adopted by the Republican State Convention is as follows:

"The Republicans of Kentucky, in convention assembled, make the following declarations:

"First—We declare for the right of every qualified citizen to a free ballot and a fair count, and right of voters to an honest and orderly election in every precinct in this State, and to secure these rights and the restoration of political and legal equality, we pledge ourselves to the enactment of such laws as will restore absolute electoral freedom.

"Second—We denounce the odious political machine rule now dominant in Kentucky, which destroys freedom, enterprise, excludes capital, handicaps industry, discourages education and enables self-perpetuating bodies of political adventurers to control public affairs for private benefit, and encourages and protects abuse, contempt and bold violation of law. We appeal for an aroused public sentiment among all ranks of citizenship against the continuation of these evils.

"Third—We condemn the reign of the Democratic party, hate a prescription, following the destruction under terms of law, of political liberty and especially deplore the fact that in this day of machine domination the courts of the State are appealed to, and have become too often the theater for the display of Democratic paternity activity, and for the upholding of political wrong and outrage.

"Fourth—We denounce assassination and lawlessness, whether in Serbia or Kentucky, as destructive of civilization, and call upon the enlightened intelligence of the State, through its legislative, executive and judicial agencies, to employ remedies to establish order and punish crime within our borders.

"We especially arraign the present State Chief Executive for so exercising the pardoning power as to subvert political and partisan purposes, with the certain effect of encouraging crime, by virtually rendering criminal of Democratic political faith immune from punishment.

"Fifth—We condemn the present administration in Kentucky for incompetency and gross nepotism in the conduct of public affairs, for preying upon and misappropriating public moneys, laying tribute upon the legal pay of soldiers enlisted in the county's service, for the payment of unnecessary, unjust, exorbitant and illegal attorneys' fees and we now demand such changes in the laws as will secure the State against similar wrongs in the future.

"Sixth—The present State administration has increased taxation of the people without corresponding increase in public benefit and we believe and declare that the rate of taxation could be reduced to forty-five cents, and that the revenue so produced, on present property valuations, will be adequate for all purposes of our Government economically administered, and in addition a surplus therefrom could be accumulated in four years to build and pay for a State House suitable for public use and commensurate with the dignity and wealth of the Commonwealth.

"Seventh—We denounce the present

Women as well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

It is not uncommon for a child to be born afflicted with weak kidneys. The child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage of urine, it is afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

For Live Stock at Kentucky State Fair.

Owensboro Making Great Preparations for the Big Fall attractions.

The preparations now in progress both at the Louisville headquarters and at Owensboro indicate that the State Fair which begins at Owensboro on September 21st will be the biggest event ever attempted south of the Ohio river.

Aside from the long and splendid list of free amusement, to which has now been added the famous Dr. Carver and his show, and also races, without pool selling, the Fair will be an education to all persons interested in Live Stock, Agriculture, Horticulture, Mining and Household work.

Contracts have just been let for nine cattle barns with a capacity of 800 cattle; five stables with a capacity of 500 horses; two buildings with a capacity of 300 sheep; two buildings with a capacity of 400 swine; one poultry house with a capacity of 1,500 birds; one mineral exhibit hall, which is a new feature, and one office building. The amphitheatre has a capacity of 10,000 and is one of the largest in the United States.

Resolutions of Respect. At a meeting of Rough River Lodge No. 110, Knights of Pythias, as held in Castle Hall, Hartford, Ky., July 14th, 1903, the following resolutions, in regard to the death of the wife of Brother R. M. Woodward were unanimously adopted:

Rough River Lodge No. 110, Knights of Pythias, having heard with sincere sorrow of the recent bereavement of Bro. Ernest Woodward in the untimely death of his estimable young wife, who departed this life in Hartford, Ky., July 8th, 1903, in the very days of early '42 life, and while no words could alleviate the sorrow of the young husband, the words of the poet convey a truth we commend to him, that his life will be better for its association with the pure young life that has gone:

"The earth came home with grief and pain, I felt it when I learned of this. The better to have loved and lost Than never to have loved at all." THEREFORE, Be It Resolved, That we tender Bro Woodward our tenderest sympathy in his irreparable loss, and in this hour of sorrow and grief we assure him our fraternal love and regard for him and his, and commend him to the care of Him who doeth all things well.

(2) That a copy of these resolutions be furnished Bro. Woodward and the same be spread on the records of the lodge.

The Bore Worm Medicine. H. P. Knapp, Druggist, Lexington, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It is the best worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirit natural to childhood. 25c at J. H. Williams.

CHEMICAL ANALYSIS

Reveals That "Pe-ru-na" is Calculated to Tone up the System, Restore the Functions and Procure Health.

CO SAYS PROF. L. J. MILLER, CHEMIST.

Prof. L. J. Miller, late Professor of Chemistry and Botany of the High School of Ypsilanti, Mich., writes from 327 N. Clark Street, Chicago, Ill., as follows:

"As several of my friends have spoken to me of the favorable results obtained through the use of Peru-na, especially in cases of catarrh, I examined it most thoroughly to learn its contents.

"I found it composed of extracts of herbs and barks of most valuable medicinal qualities combined with other ingredients, delicately balanced, calculated to tone up the system, restore the functions and procure health."

"I consider Peru-na one of the most skillfully and scientifically prepared medicines, which the public can use with safety and success."—PROF. L. J. MILLER.

To the Public.

With this issue I assume the editorship of THE REPUBLICAN, and in accepting this post of honor and responsibility, I realize the importance of the trust with which the Hartford Publishing Company has seen fit to honor me.

I hope that I shall be able to give to the readers of THE REPUBLICAN such material as will instruct and interest them most. My political principles, doctrine and faith shall be Republican, because I believe in the principles enunciated by that party.

While I shall adhere to the principles of the Republican party, and continue to uphold those principles through the columns of THE REPUBLICAN, it shall also be my purpose to make THE REPUBLICAN one of the best local newspapers in this part of the State, and I earnestly solicit a continuance of public patronage.

Respectfully,
C. E. SMITH.

KENTUCKIANS have always admired ability, courage and manhood in her sons and statesmen. The Republican convention at Louisville has placed before the voters of the Commonwealth a ticket exemplifying these qualities. Col. Morris B. Belknap, who heads the ticket, is a successful business man, who resigned the management of a great mercantile house to enlist in the United States army during the recent war with Spain, at a salary less than one-fourth what he earned in his business, and faced the dangers of war and a tropical climate

from a sense of duty to his country, stronger than the most alluring business prospects and the yet stronger ties of home and family. He is one of the few Kentucky Republicans against whom the voice of slander has not been raised, even by the most violent partisans. That he is brave, manly and honorable goes without saying, and that his training and executive ability would save the State many thousands, and put an end to the brutality in our asylums and the lawlessness in our State, is conceded by many of his political opponents. The Democratic taxpayers realize that with a business man of the Belknap type as Governor, the charitable institutions of the State will not be suffered to remain a disgrace to the Commonwealth, and a hiding place for Spanish cruelty, practiced on the most helpless and pitiful of human kind; that with such a Governor there will be no more \$71,000 fees "Calhouned" from out the State Treasury, because of a Governor's boyish attachments. The convention at Louisville has passed it up to the voters of Kentucky to say whether or not the State shall have a creditable Governor or whether the present dynasty shall continue to misgovern.

We agree with Col. Breckinridge, of the Lexington Herald, that the managers and present officers of the Democratic party "are a little scant of hat-width here and there, that here and there they adhere to short-sighted politics." And we would further agree with him had he said so much, that narrow-hatwidth and short-sighted politics are much in evidence at Frankfort. For instance, how many millimeters in the circumference of Governor Beckham's head? Grave questions for scientists. The person sending in the first correct guess will get a chronometer.

The death of Pope Leo has called forth expressions of sympathy and condolence from all Christendom, without regard to religion or race. Religious tolerance is one of the greatest blessings of the present time, and the unification of religion is to be hoped for the future. The death of the August Pontiff was another proof of his goodness and greatness, for an evil man or a weak man does not face Eternity with the steady courage and faith of a Leo.

Our ideal woman is not the Boston woman who is all head and feet, without any other characteristic worthy of note, nor the northwest-

ern woman with Teutonic accent, who is like a Mulligan calf, beef to the heels. Our ideal woman is a Kentucky woman of whom even the angels are jealous.

We would be pleased to call the attention of our readers to some parts of the Democratic platform on which Beckham, etc., stand. But it has not been reduced to writing and we are unable to find any Democrat that can tell us one word of it.

WU TING FANG, erstwhile Chinese Poo Bah in America, has fallen from grace in his native land and is now only a sort of an assistant secretary in a second rate department. Truly a prophet is not without honor save in his own country.

A party without a platform, is like a ship without a rudder sure to founder on some rock of destruction and be swallowed up by the hungry waters.

UNCLE Grover Cleveland has no time to be a candidate for President, for he has a continuous job at catching fish and rocking the cradle.

This is the season of the year when mountain-climbing Jerusalem ponies get it in the neck.

Beware of Ointments for Catarrh that contain Mercury as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get genuine. It is taken internally and acts in the blood. Sold by Druggists. Price 75c per bottle.

Women Gamblers Win \$12,000.

The largest gambling place in Houston was put out of business temporarily by two women recently.

They appeared at the gambling house at 10 o'clock. The place was crowded and they made a stir. They began operations at the crap tables playing with success. They then staked gold pieces, of which they seemed to have an unlimited quantity, on roulette,

quitting the game about \$400 to the good.

They ended up at two, playing the limit. After an hour's play they had won all the money in sight, breaking the bank and causing the proprietor to close down for the night. They won in excess of \$12,000 at two. After putting the bank out of business the women left the place and were driven to the Grand Central Station, where they boarded a train west-bound. At the hotel where they stopped they registered as Lavinia Jayne, Chicago, and Louisa Dulcet, San Francisco, but the names are believed to be fictitious.

At the teachers examination held at Fordville last Friday and Saturday, there were fifteen applicants for certificates to teach. Six secured first class, five second-class, one third class certificates and three failed entirely.

REPUBLICANS HARMONIOUS

Louisville Convention Greatest Assemblage

That Ever Met in the State for any Party.

Barnett, Owens, Yerkes and Bradley for Harmony.

Personality of the Strong Ticket Named.

The good sense, the good judgment and the good nature of the Republicans of Kentucky made themselves known when the splendid body of their representatives met in the Louisville convention. It was the finest political assemblage in point of numbers and personnel that has ever met in the State for any party. It had upon its face the virile marks of youth, courage and energy. The young men of the State seem to have come out to show that their hope and purpose lies in the regeneration of State Government through the hands of the Republican party.

The keynote of harmony was struck immediately after the assemblage. The brief address of Col. C. M. Barnett forecast the feeling of every Republican present. It was a signal of the determination of the convention to nominate a strong and acceptable ticket which it did. The strong and masterly opening speech of temporary Chairman Owens, which outlined the views and purposes of the party was followed by the electric speech of former Gov. Bradley, asking for harmony and promising loyalty to all of the nominees of the convention. It was timely and telling. Republicans had heard so much of irreconcilable dissensions that they received the pledge of loyalty with an enthusiasm that broke over all bounds.

The resolution introduced by Gov. Bradley endorsing President Roosevelt was passed with a whirlwind of acclamation that showed the united temper of Kentucky Republicans.

The fine speech of the Hon John W. Yerkes was along similar lines of harmony and devotion to the purposes of the party, rather than to the desires of individuals. Every speech tended to cement the party more firmly.

The Republican convention made a deep impression upon those who saw it. It was a magnificent body of representative men, one of which the State has every reason to be proud. Col. Morris B. Belknap nominee for Governor is a merchant of character and capacity and public spirited citizen who has been active in all public enterprises. He was for years connected with the Louisville Legion and when it enlisted in the army at the beginning of the Spanish-American War, he entered the army with the Legion first as Lieutenant Colonel, but was promoted and at the close of the War, had attained the rank of Colonel. Mr. Belknap presents a fine personal appearance and is admired by his home people in Louisville and by vast vast numbers throughout the State regardless of political affiliation.

He is a strong candidate and together with the rest of the ticket will win in November.

J. B. Willhoite, of Ashland, is known to the politicians of the entire state and has a wide personal acquaintance in the northeastern section. He has a considerable reputation as a campaigner and is what is known as a good fellow.

John A. Black, the candidate for treasurer, lives at Barboursville. He is a banker and a man of means, a good speaker and an approachable man.

George W. Welsh, the candidate for auditor is also a banker and a wealthy man. He has never taken any conspicuous part in politics and is not known beyond his section in the state.

J. C. Speight, the nominee for secretary of state, was formerly a Democratic state senator. He refused to vote for Blackshurn for senator when Deboe was elected. He supported McKinley in 1896 as a Democrat, but later joined the Republican party. He is a man of considerable ability and has some following among the Democrats in the First District.

W. M. Beckner, of Winchester, candidate for attorney general was formerly a Democrat and has held numerous official positions. His position in favor of the Blair educational bill alienated him from the Democratic party many years ago and in 1896 he left it, and has remained away. He is a man of a high order of ability and is reputed to be very wealthy.

George Baker, candidate for commission of agriculture, labor and statistics, is a practical farmer, and is very prominent in the Kentucky Mine Workers union. He is secretary and treasurer of the order and lives at Greenville.

Livingston McCartney, the nominee for Superintendent of Public Instruction is from Henderson county. He is Superintendent of city schools at Henderson. Had formerly been Superintendent of city schools at Hopkinsville for seven years. He is one of the leading educators of the State, has always been an active Republican. J. H. Newman candidate for clerk of the court of appeals, hails from

Monroe county. He was a deputy sheriff at eighteen and was elected county attorney at twenty-one. He is now in the revenue service under Collector Franks. He is a hustler and a good speaker and very popular in the section of the state where he has lived.

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of **Hood's Sarsaparilla**.

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." SCOTT A. HARRIS, Wilber, N. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

BRIEF NOTES.

The yield of California lemons and oranges for the season of 1903-4 is estimated at 35,000 carloads, the biggest crop on record.

The United States gunboat Callao is chasing a band of Chinese pirates who captured a member of the Callao's crew and held him for ransom.

Two masked men robbed a party of Indiana fishermen of about \$200 in money and several watches and other articles at a camp near Rochester, Ky.

The total gold production of the world from the discovery of America by Columbus to the year 1900 is, according to the report of the United States Mint, in round numbers, \$9,811,000,000. Pure gold of this value would weigh about 15,272 tons, and occupy a space equal to 27,039 cubic feet. Gradually this amount could be represented by a solid circular tower of gold 30 feet in diameter, and 85 feet high. The total yearly world production of gold since 1900 would increase the height of such tower about 3 feet each year.

In a general fight in front of a schoolhouse in Breathitt county Mack Howard, White and Jim Barrett, colored, were wounded and James Vires, a schoolboy, was struck by a stray bullet while sitting at his desk. A detail of militiamen arrested the participants in the fight and those who were not too seriously wounded were lodged in jail at Jackson. The trouble originated over a game of cards. The civil authorities made no attempt to arrest the two who were engaged in the shooting.

The special grand jury at Jackson last Tuesday returned an indictment against Gardner Plummer charging him with attempting to bribe B. J. Ewen to leave the country or swear falsely in the Jett-White case. Indictments also were returned against Joe Crawford and Ed Tharp, charging them with burning Ewen's hotel. An effort was made to implicate Judge Hargis and sheriff Callahan in the bribery case, but the evidence against them was not sufficient in the judgment of the jurors to justify an indictment. The grand jury probably will complete its investigation on Thursday. A small house in Jackson was destroyed by fire Monday night, but it has not been established that the blaze was not of incendiary origin.

Sixteen lizards hatched in the pocket of Mr. Charles Collett, of the Bristol neighborhood, while he was arranging to play a joke and furnish the members of his family with important information concerning lizardology, says the Bowling Green Times-Journal. While working in his tobacco patch Mr. Collett struck a lizard nest. There were sixteen eggs, and he placed them in his trousers, intending to show them to the women folks and children at home. When he went to supper he forgot all about the eggs and, being fatigued from a hard day's work, retired early. The eggs remained in his trouser pockets, and that night every one of them hatched. When Mr. Collett put on his "pants" next morning and put his hand in his pocket there was something doing and it was done quickly.

Notice.

On Friday, July 31, 1903, I will hold a competitive examination at Hartford for the purpose of selecting beneficiaries to the A. & M. College at Lexington. The appointments to both the normal and collegiate departments will be made on above date. J. M. DEWESE, S. C. S.

Hair Falls

"I tried Ayer's Hair Vigor to stop my hair from falling. One-half a bottle cured me." J. C. Baxter, Braidwood, Ill.

Ayer's Hair Vigor is certainly the most economical preparation of its kind on the market. A little of it goes a long way. It doesn't take much of it to stop falling of the hair, make the hair grow, and restore color to gray hair.

Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by all druggists.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. See J. H. Williams.

FRIEDLAND, KY.

July 18—Farmers are about through threshing wheat and plowing corn. Crops are looking well.

Mr. W. S. Sandbach attended the Grayson county Teachers Institute last week.

Miss Blanch St. Clair, of this place, is in Hartford taking music.

Dr. J. A. Sandbach attended the picnic at Whitesville Saturday and reports showers and a pleasant time. Singing at Cane Run is progressing nicely under the leadership of Prof. G. J. Christian.

Rev. J. H. Embury filled his regular appointment at Shilo last Sunday. Dr. J. A. Sandbach is visiting Mrs. Geary, at Caneyville, this week. Quite a number of our young people attended the Rosine picnic and ball the 11 inst.

Mr. W. B. White and family, of Olaton, visited uncle Mr. Charley Christian of this place last Saturday and Sunday. School began at White Oak last Monday with Miss Lon Hoover teacher.

Messrs. James and Robert Ford, of Louisville, are visiting friends and relatives at this place this week.

Cholera infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by all druggists.

In Memory

Of Mrs. Rachel Hasey, who was called from this world of sorrow and trouble on the 19th day of June to dwell with the angels above. She had been sick one year and was confined to her bed six months. Her death was caused by a complication of diseases and old age. She was seventy-three years old and was born in Glasgow, Scotland, in 1830. She had been in America for fifty years and shortly after her arrival in this country she joined the Presbyterian church of which she was a member 50 years, and always lived a true and devoted Christian life. She was gentle and kind to everybody and was always delighted to have her grandchildren with her, and it always pleased her to have young people to call on her. She was the mother of eleven children of which six of them are living three girls and three boys. One of her sons who has not been for sixteen years who is in the West, she has fifty-one grandchildren and nineteen great grandchildren and a large circle of friends and relatives to mourn her loss. Rev. J. C. Carpenter, of Rockport, her pastor, held funeral services in the Presbyterian Church at McHenry, after which her remains were taken to the Reservoir cemetery to await the coming of the judgment when she expects to see all of her sorrowing friends and relatives present. * * *

DEATH IN THE CHAIR

Knap, The Woman Murderer, Must Pay Extreme Penalty.

HIS FRIGHTFUL RECORD.

Hamilton, O., July 18.—Alfred A. Knapp was convicted murderer in the first degree for the murder of his wife, Hannah, by a jury in Judge Beldin's court here.

The verdict was reported at 7:30, the jury having been out since 5 o'clock yesterday. To the surprise of everybody, there was no recommendation for mercy, and the famous criminal must go to the death chair.

The jury stood ten for conviction without mercy, and two for conviction with mercy, being unanimous in their verdict of guilty. Repeated ballots were taken, and shortly after 7 o'clock it was found that an agreement had been reached. Knapp was brought into court, there were but few spectators present, and no excitement. Knapp took his seat quietly and did not appear alarmed. When the verdict was returned he did not show any sign of emotion or make any comment. Knapp was taken back to the jail at once and Sheriff Beldin will allow no outsiders to see him. The result of the trial is accepted with great satisfaction by the public.

HIS CRIME.

On February 20 Knapp's confided in jail to officials here is as follows: "On June 21, 1894, I killed Emma Littleman in a lumber yard in Cincinnati. On August 1, 1894, I killed May Becker, on Walnut street, Cincinnati. On August 7, 1894, I killed my wife, Jennie Knapp, under the canal bridge at Liberty street and threw her in the canal in Cincinnati. In July, 1895, I killed Ida Gephart in Indianapolis, Ind. On December 22, 1902, I killed my wife, Hannah Knapp, in Hamilton and threw her body into the river out by Lindenwald. This is the truth."

The Perfect Liver Medicine.

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot get a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever-producing poisons. Herbine is a most efficient liver regulator. See J. H. Williams.

WILD REPORT

Tells of Plot to Lynch Jett and White.

Jackson, Ky., July 16.—Charles J. Little, special bailiff for the Harrison Circuit Court, is busy serving summonses on witnesses to appear before Judge J. J. Osborn at Cynthiana to testify in the case of the Commonwealth against Curtis Jett and Tom White, charged with the assassination of J. R. March.

There are about fifty witnesses to a side. A large number of new witnesses are to be summoned, it being the intention of the defense to try and prove that B. J. Ewen, who testified that he saw Jett fire the second shot, cannot be believed. Attorney E. F. French has been to Cynthiana consulting with local attorneys there about the jury. It has come to the Hargies here that if the jury in Harrison county is hung by one man, as it was here, the man will be lynched. The report says there is a secret organization going over the State by which people are agreeing to go to Cynthiana and hang the men in case justice is miscarried. Judge Hargis refuses to believe the report and says he will continue his effort to save Jett and White from the gallows. It was reported here to-day that one of the men had made a full confession to the father of Fayette county, but Judge Hargis is informed that this is not true.
